Guest Speaker

The mission statement of the IAAP states “Enhancing the success of career minded administrative professionals by providing opportunities for growth through education, community building and leadership development.”

To contribute to the community, to volunteer in the community and to be aware of organizations that provide services to the community are important to IAAP.

As the largest non-governmental direct provider of social services in Canada, The Salvation Army provides unprecedented support to society’s most vulnerable. We are pleased that Delaine Milette, Coordinator of Social Justice for The Salvation Army, will share information and success stories about many of their programs supporting vulnerable people in 400 communities across Canada and 117 countries, including their initiatives against human trafficking.

This guest speaker is not to be missed.
